### Education

#### National Diploma computer science

Federal college of animal health and  
production technology

2019 - 2022

#### Software Tech Certified

NPOWER, Federal Republic Nigeria  
Empowerment

2020 - 2021

#### SSCE certificate

God's Blessing College

2012 - 2018

#### JSCE certificate

Al-iman High School

2007 - 2012

### About Me

Experienced Frontend Developer adept at translating design into seamless, user-friendly web applications using HTML, CSS, JavaScript and React. Collaborative team player with a strong grasp of UI/UX principles and proficiency in frontend frameworks. Passionate about staying current with industry trends, I excel in optimizing website performance and problem-solving. Eager to leverage my skills to create engaging digital solutions that elevate brands and enhance user experiences.

### Skills

- **Frontend Development:** Proficient in developing visually appealing and user-centric web applications using HTML, CSS, React and Next.js.
- **Responsive Design:** Strong understanding of responsive design principles, ensuring seamless user experiences across various screen sizes and devices.
- **Frontend Tooling:** Proficient in utilizing frontend tools such as Webpack, Babel, and npm to streamline development processes and optimize project performance.
- **Problem-Solving:** Strong analytical skills and ability to troubleshoot and resolve complex frontend issues to ensure optimal website functionality.
- **Collaboration:** Effective team player, experienced in collaborating with designers, backend developers, and cross-functional teams to deliver cohesive web solutions.

### Work Experience

#### FRONTEND DEVELOPER

OCT 2024 - TILL DATE

#### OUR TENANTS DEVELOPER

- Led the development of scalable, high-performance applications using Next.js, enhancing user experiences and aligning with industry best practices.
- Architected and maintained robust codebases, leveraging TypeScript and modern frontend libraries to streamline development and ensure maintainability.
- Collaborated with cross-functional teams (design, backend, product) to implement seamless integrations, delivering features on time and within scope.
- Maintained high code quality through rigorous code reviews, testing, and documentation, supporting team knowledge sharing and consistency.
- Implemented responsive, user-centric UI components, ensuring accessibility and cross-browser compatibility across devices.

#### FRONTEND DEVELOPER

FEB 2024 - TILL DATE

#### JOBSKILLS CITY

- Developed a comprehensive Learning Management System (LMS), enhancing user engagement and providing a seamless learning experience.
- Integrated social media functionalities to increase user interaction and broaden the website's reach.
- Regularly update and maintain the website, ensuring optimal performance and security.
- Provide technical support and training to users, facilitating smooth navigation and utilization of site features.
- Troubleshoot and resolve issues promptly to minimize downtime and enhance user satisfaction.
- Wrote clean, maintainable, and well-documented code, fostering a collaborative development environment.

## FRONTEND DEVELOPER

JUL 2023 – JAN 2024

### TECHZILLA INC. | 2023 – TILL DATE

- Led a team of frontend developers, assigning tasks, conducting code reviews, and mentoring junior developers.
- Built complex and performant UI components and features using ReactJS and related libraries (e.g., Redux, Shadcn-UI).
- Worked closely with designers, backend engineers, and product managers to translate design mockups into functional web experiences.
- Debugged complex frontend issues, ensuring smooth application functionality across various browsers and devices.
- Wrote clean, maintainable, and well-documented code, fostering a collaborative development environment.
- Explored emerging frontend technologies and implemented solutions to enhance user experience and application performance.

## FRONTEND DEVELOPER MENTOR

2019 – 2022

### MOOR TECH COMMUNITY | 2019 – 2022

- Simultaneously served as a proactive frontend developer and dedicated mentor within the school's tech community.
- Led a diverse group of students in immersive web development workshops, imparting comprehensive knowledge of HTML, CSS, and JavaScript fundamentals.
- Skillfully guided mentees through the creation of their first web projects, fostering hands-on learning and skill acquisition. Demonstrated exceptional communication skills by breaking down complex concepts into digestible insights, fostering a supportive learning environment.
- Leveraged my frontend expertise to provide real-world insights and industry best practices, enabling students to embark on successful coding journeys.

## Work Achievements

- Mentored and guided a group of aspiring developers within the school tech community, contributing to their successful completion of multiple web projects and fostering a growth-oriented learning atmosphere.
- Earned over \$200 while in school by developing the frontend of my classmates' final year projects.
- Designed and developed a meeting minutes management system from scratch with lots of features like speech to text, authentication and lots more.
- Successfully launched an LMS platform, resulting in a 60% increase in user enrollment.
- Improved website load time by 95%, enhancing user experience and SEO rankings.

## FRONTEND DEVELOPER

2021 – 2022

### OYO TECH HUB | 2021 – 2022

- Contributed to cutting-edge projects at the tech hub, driving frontend excellence.
- Collaborated with multidisciplinary teams to design and implement responsive, user-centric interfaces.
- Utilized HTML, CSS, and JavaScript to create seamless interactions and enhance user experiences.
- Leveraged React framework to develop modular components, resulting in efficient and maintainable codebases.
- Actively participated in code reviews, fostering a culture of continuous improvement.

## SOFTWARE DEVELOPMENT TRAINING

2020 – 2021

### FEDERAL GOVERNMENT OF NIGERIA EMPOWERMENT PROGRAM

- Participated in an intensive software development training program sponsored by the Federal Government of Nigeria.
- Acquired comprehensive knowledge of frontend technologies, including HTML, CSS, and JavaScript, through hands-on projects and guided learning.
- Developed a solid foundation in building interactive user interfaces and responsive designs.
- Leveraged this training to excel as a frontend developer, applying practical skills in real-world projects to create visually appealing and user-centric web applications.
